Community Organisations	SA Police Dept. Adelaide City Council, St John, Freedom From Hunger, Fort Glanville Historical Association, Army, SA Cricket Association, YMCA (City), Australian Citizen Radio Monitors, Australian Sports Medicine Federation, SA Keep Fit Association, Sri Chinmoy Marathon Team, Credit Unions Association, Parks Community Centre, Australian Deafness Council, Institute for Fitness, Centre for Physical Health, Electricity Trust of SA, Athletic Association of SA, SA Jubilee 150.

PROGRAMME

August 26 (Sunday) — **MARATHON DAY**

6.00 a.m. - 7.15 a.m.	Check-in, Adelaide Oval (main entrance Memorial Drive).
8.00 a.m.	START
2.30 p.m.	Award Ceremony
4.00 p.m.	Proof Finish Photographs, Hackney Hotel, 95 Hackney Road.
6.00 p.m.	Post-Race Dinner at the Hackney Hotel, $10.00. Experience the superb food for which the hotel is renowned! A comfortable affair, ideal for unwinding. Limited number of tickets available, so get in early!

September 2 (Sunday) — **AGE AND DIVISION PRESENTATIONS**

Presentations at 9.30 a.m. after a very slow "River Run" at 8 o'clock! Breakfast and reminisce at "The Hackney" afterwards ($2.50).

THANKS TO OUR MAJOR SPONSORS

Sunday Mail • Farmers Union

AND TO ...

Pan Am • TAA • Adidas • Nippy's • West End • Staminade • Frontline Ford • Budget

Sunday Mail Editor, Mike Quirk (left) with Russell Paterson (centre) and Bruce Abrahams at the popular Sunday morning training clinics.

WELCOME TO THE 1984 MARATHON

On behalf of our Marathon Committee it is with great pleasure that I welcome you to the 1984 Sunday Mail/Farmers Union Marathon.

This year we have changed to a new traffic-free City course; a first for Australia. We can assure you of even better start facilities, aid stations and finish services. The start itself will be nothing short of spectacular!

We know that 1984, with record entries, will substantiate our claim of not only being the best organised but the friendliest marathon in Australia.

I thank the hard working Marathon committee, in particular our Race Director, Bruce Abrahams, who surely must be the most dedicated and knowledgeable Race Director in Australia.

Our thanks to our major sponsors, the Sunday Mail, and Southern Farmers, plus the great support from TAA and PANAM. We are indebted too to our minor sponsors, to our many hundreds of volunteers and most importantly to those of you who take centre stage on the day — the runners.

I wish you an enjoyable and successful run. Remember, it is not just the first runner over the line that's a winner, but everyone who finishes. Good luck!

Russell Paterson,
Chairman, Marathon Committee

OUR MARATHON JOINS THE WORLD'S BEST

From 1979 to 1983, the Festival City Marathon was Gawler to Adelaide. It was a good course. However, point-to-point courses have several disadvantages. One, runners don't get to see the up-front action; two, traffic control and runner safety are difficult at the front and the back of the pack where runners are spread out; and, three, spectators get to see only one part of the race.

But more importantly, a marathon course isn't just 42,195 metres of road. A great marathon course should feature highlights of the local environment.

This year we join New York, London, Honolulu and the scores of other cities throughout the world that stage an annual traffic-free, centre-city marathon. In fact our marathon is now a member of the elite Association of International Marathons (AIMS).

We reckon our marathon is one of the most spectacular and beautiful in the world — exactly like Adelaide itself!

Bruce Abrahams,
Race Director

THAT SPECIAL FEELING

Marathoners ... it has been a long hard road to the start of this year's new look Sunday Mail/Farmers Union marathon.

The new course is one of the best in the world and the organisation second to none.

The Sunday Mail is proud to be again associated with the marathon and the ideals it stands for ... dedication, determination, commitment and ultimately that special feeling of achievement that only marathoners experience.

Mike Quirk,
Editor, Sunday Mail

RACE INSTRUCTIONS AND INFORMATION

1. CHEST NUMBERS

Your chest number is included in the Race Packet. You must run with your chest number clearly visible from the front. This is absolutely necessary if finish officials are to maintain an accurate record of each finisher's time and position. Runners not following this instruction will not be permitted to cross the finish line and will be assumed "unofficial" (see 2).

2. UNOFFICIAL RUNNERS — HELP US DISCOURAGE THEM

Unofficial runners may be recognised by the absence of a chest number and are the bane of a well organised event. Facilities and services are planned and paid for by official entrants. Unofficial runners include friends running with you or pacing you for all or part of the course.

Unofficial runners who cross the finish line jeopardise the accuracy of times/positions of all runners.

Please discourage all unofficial runners you see. August 26th is your day on the road.

3. PRE-RACE CHECK-IN 6.00 a.m. to 7.15 a.m. — ADELAIDE OVAL

All runners are required to check-in at the start with their chest number correctly pinned. The check-in area is Adelaide Oval, War Memorial Drive entrance. Please do not leave this to the last minute. Hot coffee will be served.

If you have not checked-in, you will be regarded as not having run the complete distance. You will be required to present proof of starting before you are validated as an official finisher.

4. TOILETS AT THE START AREA

There are over 100 toilets available at Adelaide Oval, but despite the large number of toilets, there will be queues. Aim to get to Adelaide Oval by 7.10 a.m. at the latest to give yourself plenty of time to park, check-in, use the toilet, pack gear, walk to the start, etc., etc.

5. TRANSPORT OF GEAR FROM START TO FINISH

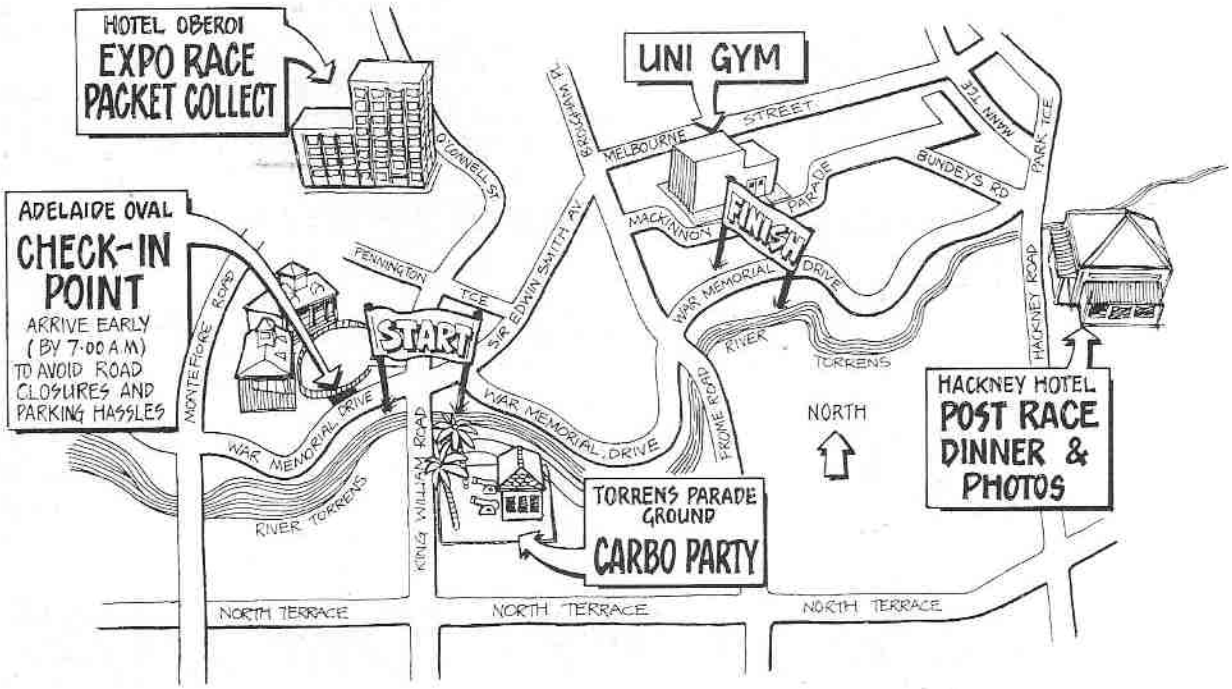
Garbags (courtesy of Union Carbide) will be available at the check-in or you can use your own carry-bag. Put your gear bag on one of the gear vehicles parked at the rear of the start line in King William Road. At the finish, collect your gear from the Uni Gym.

6. THE START LINE — KING WILLIAM ROAD

Runners will be moved to the start from Adelaide Oval at 7.30 a.m. The start line is approximately 200m from the check-in area.

To ensure the minimum of congestion at the start, place yourself according to the time you expect to finish. There will be signs indicating expected finish time. We have the widest starting area in Australia and there will be only minimum delay for runners at the back of the pack.

A roped area at the front will be reserved for the top seeded men and women runners and all wheelchair athletes.



SOUTH AUSTRALIAN ROAD RUNNERS CLUB

SARRC TRAVEL

81 Grenfell Street, Adelaide, South Australia. 5000. Telephone: (08) 223 7600.

Your Invitation to run in the London Marathon

Now that the Festival City Marathon is a member of the Association of International Marathons (AIMS), we have special access to the world's great city marathons — there are now over 40! This year's London Marathon had over 21,000 entrants, but 50,000 were turned away. Travel with SARRC TRAVEL to London or New York and you have guaranteed entry.

Overseas Group Tours

December 9 — **HONOLULU MARATHON**
The world's premier people's marathon.
From $1650. Book by Oct 3.
Register your interest now (no obligation).

*Basic tour package includes accommodation at official race headquarters hotel.
Optional individual extended tour beyond basic package available. All prices ex Adelaide

Great Interstate Tours

October 13-15 — **BIG M MELBOURNE MARATHON**
Special budget chartered coach $95. TAA Package $255. Includes accommodation at Race Headquarters.
Book by Aug. 31.

January 18-28 — **NATIONAL RUNNING WEEK (Threadbo)**
Coach tour including ski lodge accommodation. Run on top of Australia. Fun for all the family.
Cost $220. Book by October 1.

PAN AM ® 'Our TAA'

7. THE START 8.00 a.m. 5DN/TELECOM TIME PIPS (WHEELCHAIR 7.58 a.m.)
Set your watch by 5DN/Telecom Time Pips from 5.00 a.m. on Race Day. 5DN will be covering the race and will provide a count-down service to runners travelling to the start. On the hour, 5DN will broadcast Telecom's official time pips. The Lord Mayor Mrs. Wendy Chapman is official starter. Members of the Fort Glanville Historical Association dressed in authentic 19th Century uniform will be firing their cannon simultaneously.

8. SPECTATORS' CARS
The course is totally traffic free. No vehicles are permitted on the course.

9. THE COURSE (see map back cover)
The course is measured to the International Amateur Athletic Federation standards and is exactly the Olympic distance of 42.195km. The course is all road. Police or Marshalls will indicate change of direction at corners.
The course is traffic free all the way for runners who run at 7 mins/km. (5hr. marathon) or faster. Slower runners will have to run on footpaths and obey all traffic signals after 9.30 a.m.
The S.A. Road Runners Club is very thankful for the co-operation of the S.A. Police, without whom the event could not be conducted. Please show your appreciation to individual officers along the route. Why not drop a short note to the Commissioner of Police after the run.

10. DISTANCE MARKERS
Distance markers will be placed every kilometre and at half-way.

11. TIME CALLS
Time Calls will be made every 5km and at half-way.

12. TOILETS EN-ROUTE
Toilet locations are marked on the map (back cover), and will be sign-posted en-route.

13. AID STATIONS (see Health and Safety Instructions)
Aid Stations will be placed at the start, the finish and at 18 locations along the course. Cool water, staminade and sponges will be available. The water is filtered and packed by Nippy's. Australian Citizen Radio Monitors (ARCM) will be located at each station and the finish to maintain communication along the route. St. John First Aid personnel will also be at each station. Petroleum jelly and tissues will also be available.

14. SPECIAL DRINKS
Special drinks must be placed in boxes which will be located at the check-in area, Adelaide Oval no later than 7.00 a.m. on racing morning. These should be clearly marked with runner's name and number. Separate boxes will be available for each of the 18 on-course aid stations.

15. PROVISION FOR DROPPING OUT
Since the course is traffic free, no cars will be cruising. Aid station staff can organise getting runners back to the finish. To avoid dropping out, drink early, drink often and slow your early pace particularly if you have averaged less than 100km/week in the 2 months prior to the marathon.

16. THE FINISH LINE SYSTEM (Athletic Association of SA)
Make sure your chest number is clearly visible from the front, otherwise you will not be permitted to cross the finish line. Runners will pass through a chute to enable their time and number to be recorded. A photograph will be taken as you cross the line. Likewise you will be on video. Smile!
Watch the Display Clock above the finish line and listen to your time called. Provisional times will be displayed on the wall of the Uni Gym as soon as they are collated. This could be some time after you finish. Have patience. Note that times are rounded up to the next second according to IAAF rules.
Official times/positions will be validated as soon as possible after August 26th.

17. FINISH SERVICES (S.A. Keep Fit Association)
As you leave the chute, you will be presented with:
- Provisional Position Card. Keep this for the lucky draw prize of a trip for two to the Honolulu Marathon.
- Finish Medallion/Key Ring
- Food Bag Containing Farmers Union Products.

Your Finisher Medallion/Key Ring can be engraved with your name and time at Evright Trophies, 112 Carrington St., Adelaide at no cost.
Water and sponges will be available just beyond the chute area.
Tea/coffee and an Arnott's "bush biscuit" will be served to runners in the big marquees at the finish.
The 5AN "big bus" will be broadcasting from the finish line.

"Medallion/Key Ring for every finisher"

18. FIRST AID AND REST FACILITIES
First Aid services staffed by medical, paramedical and St. John Volunteers will be available at the finish line and in the downstairs main hall of the Uni Gym.
Plenty of mats are there for you to lie on if you wish to rest.

19. SHOWER AND CHANGE FACILITIES

These are available at the finish area:

- Uni Gym.
- "Graduates' Oval" located 150m before the finish line (west).
- Teachers' Oval Grandstand 200m beyond the finish line (east).
- The Institute for Fitness Research and Training at the corner of Budney's Rd. and Mackinnon Pde.

20. AWARDS CEREMONY (see "Prizes and Awards")

2.30 p.m. to 3.00 p.m. Stay and applaud the prize winners (major awards only). The Lord Mayor and the Premier (and marathoner), Mr. John Bannon will be present. The Honolulu Trip for two will be drawn at 3.00 p.m. You must be present to claim the prize.

Division awards will be presented at 9.30 a.m. September 2nd at the Sunday Training Clinic outside the Institute for Fitness, cnr. Bundey's Road and Mackinnon Parade, North Adelaide.

21. RESULTS

A full list of provisional results together with a pictorial record will be published in the Sunday Mail on September 2nd. Reports will be printed in the October issue of "South Australian Running" (SARRC's journal), the "Australian Runner" and "Fun Runner".

As soon as results are validated, all finishers will be mailed their official Finisher "Diploma" and complete results list. You will also receive a proof photo of you finishing. This is expected to happen within 2 weeks of the race. **Remember ... you must check-in at the start to be validated as a finisher**

22. VIDEO REPORT

A professionally produced 25 minute video report of the race will be produced for sale (see advertisement and separate order form). The video may be personalised with **you** finishing.

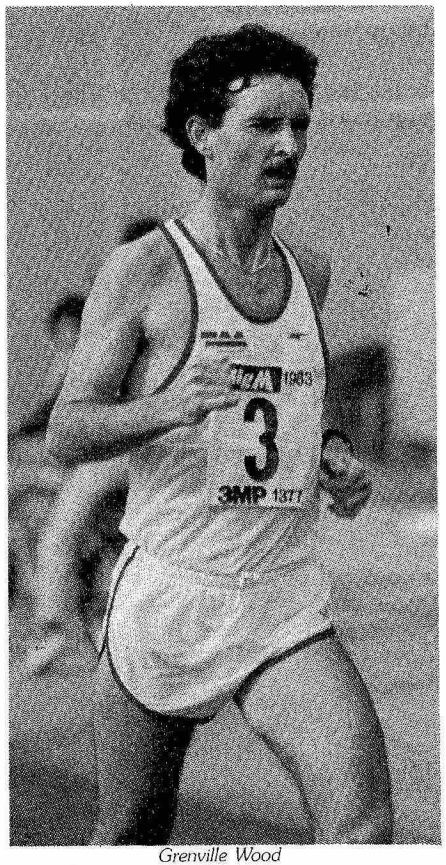
UP FRONT ACTION

by Brian Chapman



Grenville Wood

The 1984 Festival City Marathon has been avalanched by entries from top interstate and New Zealand runners.

Three men with sub — 2 hrs. 20 min. credentials will challenge popular Adelaide champion, Grenville Wood, in the gruelling 42.2km. run.

Wood, still smarting after his unjust omission from Australia's Olympic Team, has requested a pacemaker in his bid to record a record time good enough to have made the top ten in L.A.

However, Christchurch Marathon placegetters Allan Sinclair (best time 2 hrs. 16 mins.) and Grahame Struthers (2.17), international rep. Steve Poulton from Sydney (2.17) and Victorian star John Duck (2.19) will all be out to defeat Wood.

They spearhead a strong interstate challenge of more than 200 runners, most of whom have been attracted by the fast, flat, traffic — free course. According to 'Australian Runner' editor Terry O'Halloran, the event "will be the most competitive Marathon in Australia this year — and that includes the Olympic Trials."

The Marathon is also certain to produce the greatest quality finish by women runners ever in Australia.

Sub 2.5 entrants include New Zealanders Mary Belsey (2.41) and Gill Dunning (2.43), Queenslander Shane Barrett (2.45) and British Olympian Doris Truman (2.48) and Desiree Letherby (2.45) might just be there too!

The Farmers Union International Marathon Teams Cup

The Farmers Union International Marathon Teams Cup, inaugurated this year, has attracted instant international status to the race.

New Zealand and seven State/territories have entered official teams to vie for the prestigious trophy in what is a unique contest in the world of marathoning.

The rules are simple:

- Each team may comprise three males and three females.
- The first two males and two females from each team to finish will be the official scoring members.
- Team scores will be calculated by adding the finish times of those best two males and females.
- The team with the lowest aggregate time will be the winner.
- Normal bona fide residency regulations will apply to team members.
- Team members must wear an identifying State uniform.

Just look at the credentials of the top runners:

MEN

Watch those wheelchairs fly!

If you think this field is excellent, wait for the SA 150th Anniversary year of 1986. It will be positively world class!

HEALTH AND SAFETY INSTRUCTIONS

PREPARED BY THE HEALTH AND SAFETY COMMITTEE

Elva Abrahams, Coordinator

THE DAY BEFORE (August 25)

Maintain a good balanced diet. Don't try any new foods or drinks. Do not fast within 24 hours of the start.

Plan your clothing requirements carefully in advance. Don't wear any new or untried gear. Get a good sleep on Friday night. Avoid alcohol intake within 24 hours of the start.

Fill in personal details on back of your chest number, noting any present medication or allergy.

Plan to drink at **every** aid station (there are 20). Do not train if suffering from a virus. Cut your toe nails carefully before marathon day. Plan a realistic pace for your marathon.

BEFORE THE START (August 26)

Don't run if you have a virus or any other illness.

Arrive at the start before 7.15 a.m. Avoid last minute rush.

Drink plenty of water. Get to the toilet early (there are plenty at Adelaide Oval). Dress as you have planned and use petroleum jelly to prevent chafing (nipples, toes, underarms, groin and legs). Remember, no new or untried gear. Check you have written information on the back of your chest number.

Keep warm and stretch before the run.

DURING THE RACE

Don't go out too fast. Stick to your planned pace.

Drink at **every** aid station. This is essential whatever the weather.

Aid stations will provide staminade, water, petroleum jelly, sponges and tissues. St. John will be at all aid stations to provide first aid should you require it.

If you wish to drop out, transport to the finish will be organised from aid stations.

If you are running slower than 7 min/km (5 hour marathon) traffic will be on your part of the course from 9.30 a.m., so you must run on the footpach and observe all traffic rules.

If you are feeling unduly distressed, reduce your pace. Stop running if you are suffering heat exhaustion (severe headache, dizziness, nausea or chest discomfort).

WHEN YOU FINISH

Cool down and then keep warm. Rest or lie down if you feel like it in the Uni Gym. If needed, St. John will help you to the medical area in the Uni Gym. Doctors, physiotherapists, podiatrists and sports trainers will be available to assist with any injuries.

Above all, take care, enjoy yourself and celebrate the entire experience. If you have done your homework and remember the basics — fluids and pacing, you will run a fine race.

GOOD LUCK ***YOU DESERVE IT***

MARATHON STATISTICS

Two areas of largest increase in entrants are women and interstate runners.

S.A. continues as the nation's leader in participation of women marathoners. This year, 206 women have entered — that's double the proportion of WANG and the Big M.

Interstate and overseas runners this year have increased threefold. Together with S.A. Country, visiting runners to Adelaide make up 22% of the field.

There are 816 S.A. Road Runners Club entrants. This represents 45.5% of the field of 1792, but only 32.5% of the total SARRC membership of 2501. Most other Club members are either helping as officials or running the Life Be In It/James Hardie Everyone Run for active spectators. 124 of the 816 SARRC entrants (15%) are women, so no prizes for guessing why S.A. is women marathoners' capital.

1984	NEW COURSE				

BEHIND THE BEST MARATHON COURSE IN AUSTRALIA

by Tony Kracmera, Sunday Mail

Five years of delicate planning will come to fruition on 26th August, 1984 when the Lord Mayor, Mrs, Wendy Chapman officially starts the Sunday Mail/Farmers Union Marathon.

Like generals planning an all out attack, four men — experts in different fields — have combined to provide the most exciting marathon course in South Australia's history. They are Sergeant Tom Jennings, Operational Planner of Region T, Warren Featherby, S.A.R.R.C. Course Co-ordinator, Graeme Young, Adelaide City Council Engineer and Gary Nichols, S.A.R.R.C. Course Surveyor.

Sergeant Jennings is the king pin of the quartet. It was he and Race Director, Bruce Abrahams, who first discussed a traffic free city course in 1979.

However, it wasn't until 1983 that the Marathon Committee finally knew that its dream would become reality.

Sergeant Jennings said the marathon outgrew its old Gawler to Adelaide course and runner safety was one of the main reasons it was changed to totally free status — the only one in Australia modelled on the famous New York City and London Marathons.

"The race is the biggest and most complex community event I've handled", Sergeant Jennings said.

Sergeant Jennings said his toughest job was finding a course that could be traffic free, while at the same time not interfering too much with traffic flow.

"We decided that the course would be totally traffic free between 7.55 a.m. and 9.30 a.m., with traffic being allowed on to the course roads progressively from the western end of Anzac Highway and after that time" he said.

"Those who are slower will have to run on the footpaths and obey all traffic signals after 9.30 a.m."

It's easy to dismiss the marathon as just another sporting event, but a look behind the scenes to see the mechanics of it all, shows what a mammoth event it has become.

Giving any marathon a new route is a decision not taken lightly, and the S.A.R.R.C. Marathon Committee went to great pains to ensure everything was done correctly.

After setting a tentative plan with the South Australian police, the organisers, with the help of Graeme Young, approached the Adelaide City Council for help and advice.

The Council gave its total support and has played a crucial role in the development of the marathon.

The Council obviously saw the tremendous publicity potential of the "Adelaide" marathon, knowing that it would be one of the State's biggest sporting fixtures in 1986 — the Jubilee year.

So, how does one elevate a marathon from the drawing board stage to something tangible?

Probably the best person to ask would be Gary Nichols, the Marathon Course Surveyor.

It was his responsibility to measure the course accurately following AIMS/IAFF standards by taking the shortest possible line from the start to the finish. It had to measure no less than 42.195km, and to be sure, it was done three times.

His measuring instrument was a bicycle equipped with a very accurate "Jones" meter, a specially designed and approved course measuring device.

It was ridden every inch of the way. Because of traffic problems the task was carried out very early in the morning and took several months to complete.

The entire operation was recorded and registered with AIMS — A necessary stipulation for any international class marathon.

The fourth man of the quartet, Course Co-ordinator, Warren Featherby, is in charge of "the domestic troops".

They are the 122 marshalls that will keep the runners on line and in check.

His role includes a letterbox drop of pamphlets detailing the marathon to all the households and businesses that will be affected by it.

Informing the public about road closures is not only to help Adelaide's one million residents move around the city on 26th August with minimum inconvenience, but also to encourage as many spectators to cheer the runners on their way. "We're aiming for 100,000 spectators by 1986", says Race Director, Bruce Abrahams.

"The annual traffic-free Festival City marathon is only possible if the **whole** community is behind it".

Chief course planners of the Sunday Mail/Farmers Union Marathon (from left) Sgt Tom Jennings, Gary Nichols, Graeme Young and Warren Featherby

AIMS — The Association of International Marathons What is it?

by Andy Galloway, Secretary/Treasurer AIMS, Race Director, Hamilton (NZ) Marathon

For several years, race directors of the world's major marathons held informal talks in an effort to co-ordinate the sport of marathon running and to help upgrade the standard of these athletic events. In May 1982 in London the Association was officially formed from about thirty interested marathons and a Board of Directors appointed.

Since that time the Board of Directors has met once or twice a year and an annual Congress has been held. The first in Tokyo in February 1983 and the second in Miami in January of this year.

The constitution of AIMS clearly states its objectives, and these are 'The purpose of AIMS shall be to:

(a) **foster and promote marathon running throughout the world**;

(b) **work with the International Amateur Athletic Federation on all matters relating to international marathons**, and

(c) **exchange information, knowledge and expertise among the members of the Association.**

Chris Brasher at end of 1982 London Marathon.

Since that first meeting in London, AIMS has achieved a considerable measure of success in achieving those objectives.

A committee on Standards has been set up under Allan Steinfeld of New York and with Allan's help, a booklet has been produced by the IAAF on guidelines for the conduct of road racing. Allan has also held seminars for the teaching of the correct method of measuring courses and several of those attending have been recognised by the IAAF/AIMS as official course measurers. It is the intention of this committee to have every AIMS Marathon course certified by someone from outside that country before the end of 1985.

AIMS members have had a number of meetings with the IAAF and are working closely with them on many matters relating to marathons, such as calendars of races, circuits, participation money, etc.

AIMS employs its own statistician, Dr. David Martin of Atlanta in the USA and he regularly produces ranking lists from all the marathons run in the world.

AIMS has grown and there are now forty-two full members with several Associate and Individual Members including Honorary members from Poland, Hungary and USSR. The list is an impressive one and further applications for membership are continually being received. To be a member of AIMS a marathon has to, (a) have been in existence for not less than

PAN AM®

— official international carrier for the 1984 Marathon

two years, (b) have been sanctioned by its national body which itself is a member of the IAAF, (c) has a course certified by a delegate nominated by the AIMS Standards Committee under the rules of the IAAF, and (d) be international by virtue of having runners from a minimum of three countries, other than the marathon, taking part.

The following are full members of AIMS, and approximate numbers of competitors in each race are shown.

AUSTRALIA:	Big M Melbourne Marathon	6,800
	Sunday Mail/Farmers Union, Adelaide	2,000
	Wang Australian Marathon, Sydney	3,600
BELGIUM:	Antwerpen Marathon	2,600
BERMUDA:	Bermuda International Marathon	400
BRAZIL:	Atlantica-Boavista, Rio de Janeiro	7,000
CANADA:	Marathon Internation de Montreal	12,000
	Nike Vancouver Marathon	2,800
DENMARK:	Wonderful Copenhagen Marathon	5,000
ENGLAND:	Adidas British Marathon, Manchester	8,000
	London Marathon	20,000
FINLAND:	Helsinki City Marathon	4,000
GREECE:	Marathon to Athens	2,000
INDONESIA:	Jakarta Marathon	2,000
ITALY:	Roma Maratona	3,500
JAPAN:	Fukuoka Marathon	180
	Osaka Ladies Marathon	160
	Tokyo Womens Marathon	100
	Tokyo Mens Marathon	140
	Tokyo-New York Friendship Marathon	140
KOREA:	Seoul International Marathon	8,000
NETHERLANDS:	Rotterdam Marathon	400
NEW ZEALAND:	Adidas City of Christchurch Marathon	1,500
	Mannings City of Hamilton Marathon	1,500
NORWAY	Oslo Marathon	7,000
PHILIPPINES	Philipinas 3rd World Marathon	1,000
SPAIN	Marathon Catalunya-Barceloa	2,000
	Maraton Popular de Madrid	3,500
SWEDEN:	Stockholm Marathon	16,000
SCOTLAND:	Scott's Porage Marathon, Glasgow	10,000
SWITZERLAND:	Marathon Internation de Geneve	2,000
UNITED STATES:	America's Marathon, Chicago	15,000
	Avon Womens Marathon	1,500
	Buffalo-Niagara Falls Marathon	3,000
	Honolulu Marathon	11,000
	Orange Bowl Marathon, Miami	3,000
	Nike/Oregon Track Club Marathon	2,500
	New York City Marathon	17,200
	Oakland Marathon	2,500
	San Francisco Marathon	10,000
WEST GERMANY:	Berlin Marathon	6,300
	Hoechst Marathon in Frankfurt	6,000
	International Marathon Munchen	2,500

The following are Associate members of AIMS, awaiting to fulfill the criteria of having their race for two years or more.

ICELAND:	Reykjavik Marathon	1,000
PAKISTAN:	Islamabad Marathon	1,500
TURKEY:	Intercontinental Eurasia Marathon	5,000

In total it could be said that AIMS represents nearly a quarter million marathon runners around the world.

AIMS will continue to grow and take more responsibility and will certainly become the controlling body of marathon running throughout the world.
