SOUTH AUSTRALIAN ROAD RUNNERS CLUB
PO BOX 163 GOODWOOD SA 5034
PHONE (08) 272 8844

WELCOME WELCOME WELCOME

On behalf of the organisers, the South Australian Road Runners Club, our sponsors, supporters and helpers, welcome to the 1983 Sunday Mail Festival City Marathon.

This year is the 5th Annual Festival City marathon and once again, we see it growing both in participation and depth of community support. We claim the title, "Australia's Friendliest", not out of lack of generosity to the other top national events (each of which is developing its own style), but because we do try to cater deliberately for the slow as well as the swift runners.

Our success is reflected in our slower average finish time, our higher completion rate (95%) and our much higher female participation rate (over 11%). Our aim is to be Australia's "Honolulu" - an annual mecca for runners throughout the State and nation.

Here's to a great day on August 28!

It has been a pleasure to work with such a dedicated Committee, who have spent long hours in organising the 1983 Sunday Mail Festival City Marathon. I sincerely thank them all.

I am sure that every runner will applaud our Marathon as not only the friendliest, but also the best organised.

Our thanks go to our major sponsors: the Sunday Mail, Channel 10 and Nordica, as well as to our many minor sponsors, without whose support and commitment the 1983 Sunday Mail Festival City Marathon would not be possible.

On behalf of our Marathon Committee, I welcome you to our 1983 Marathon and wish you an enjoyable and successful run.

The magnificent response by runners to the 1983 Sunday Mail Festival City Marathon has ensured that whenever marathons are discussed in future in Australia, Adelaide will occupy a place at the head of the list of leading venues.

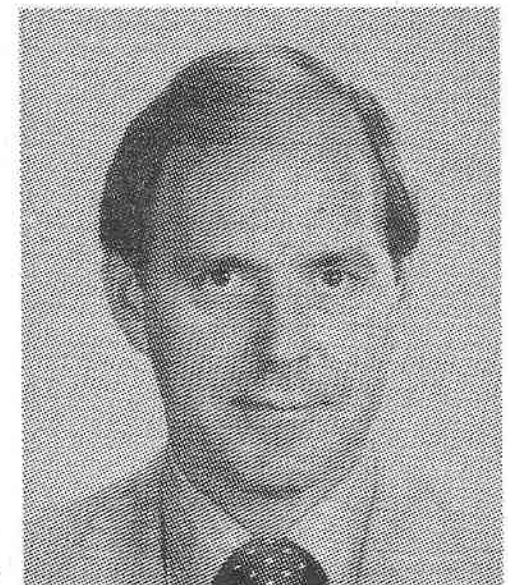

The organisers have worked non-stop for many months to ensure the marathon runs smoothly, and they deserve the sincerest congratulations from all involved.

The large number of entries is a credit to the lifestyle and dedication of the people of SA and on behalf of the Sunday Mail, I welcome you to the start of this year's marathon and hope your efforts in preparing for the run ensure an enjoyable day.

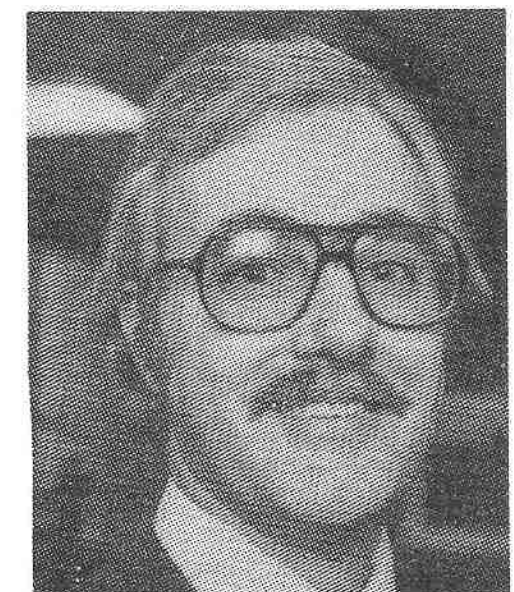

There will be the swift and the slow, and the winners will be all who take part. The fellowship the marathon will engender is immeasurable.

Bruce Abrahams
President, SARRC
Race Director

Russell Paterson
Chairman Marathon C'ttee
Managing Director Nordica

SUPPORT THE CHANNEL 10 CHRISTMAS APPEAL

IMPORTANT RACE INSTRUCTIONS AND INFORMATION

1. CHEST NUMBERS

Your chest number is included in the Race Packet. You must run with your chest number clearly visible from the front. This is absolutely necessary if finish officials are to maintain an accurate record of each finisher's time and position.

Runners not following this instruction will not be permitted to cross the finish line and will be assumed "unofficial" (see 2.).

2. UNOFFICIAL RUNNERS - HELP US DISCOURAGE THEM

Unofficial runners may be recognised by the absence of a chest number and are the bane of a well organised event. Facilities and services are planned and paid for by official entrants. Unofficial runners include friends running with you or pacing you for all or part of the course.

Unofficial runners who cross the finish line jeopardise the accuracy of times/positions of all runners.

Please discourage all unofficial runners you see. August 28 is your day on the road.

3. PRE-RACE CHECK-IN 6.00AM TO 7.25AM

All runners are required to check-in at the start with their chest number correctly pinned. The check-in area is Gawler Racecourse, Barnet Rd, Gawler. Please do not leave this to the last minute.

If you have not checked-in, you will be regarded as not having run the complete distance. You will be required to present proof of starting before you are validated as an official finisher.

4. COACHES TO GAWLER START

Coaches leave the Uni Gym, 127 Mackinnon Pde, North Adelaide from 6.00am to 6.30am. Boarding is by ticket only. No tickets will be available on the coaches.

5. TOILETS AT THE START AREA (See Map page 6)

Please note the 3 locations:-

- *Gawler High School, Barnet Rd about 200m before the Racecourse entrance.
- *Check-in area near the Betting Enclosure.
- *Between the Check-in area and the Start Line in 22nd Street.

Despite the large number of toilets, there will be queues. Aim to get to the start area by 7.10am at the latest to give yourself plenty of time to park, check-in, use the toilet, pack gear, walk to the start etc etc

6. GAWLER TOWN BAND

The Gawler Town Band will be playing stirring music both at the Check-in area and later at the Start Line in 22nd Street.

7. TRANSPORT OF GEAR FROM START TO FINISH

Garbass (courtesy of Union Carbide) will be available at the Check-in or you can use your own carry-bag. Put your gear bag on one of the Gear Buses parked at the rear of the Start Line in 22nd Street. At the finish, collect your gear from the Gear Buses which will be parked outside the Uni Gym.

8. THE START LINE 22ND STREET

Runners will be moved to the start from the Racecourse at 7.30am. The Start Line is approximately 400m from the Check-in Area.

To ensure the minimum of congestion at the start, place yourself according to the time you expect to finish. There will be signs indicating expected finish time.

A roped area at the front will be reserved for the top seeded men and women runners and all wheelchair athletes.

9. THE START 8.00AM 5DN/TELECOM TIME PIPS (WHEELCHAIR 7.59AM)

Set your watch by 5DN/Telecom Time Pips from 5.00am on Race Day. 5DN will be covering the race and will provide a count-down service to runners travelling to the start. On the hour, 5DN will broadcast Telecom's official time pips.

*****DON'T RUN IF INJURED OR HAVE A VIRAL INFECTION*****

10. SPECTATORS' CARS - AVOID CONGESTION

Serious traffic congestion occurs between Gawler and Midway Rd, Elizabeth (11km). It is suggested that spectators leave the start area via 18th Street, Angle Vale Rd and then Coventry Rd to join the course after Midway Rd.

To avoid causing discomfort to runners, spectators should not drive slowly alongside the runners; rather they should stop at various points along the course.

11. THE COURSE (See Map)

The course is measured to the International Amateur Athletic Federation standards and is exactly the Olympic distance of 42.195km. The course is all road (with one exception - see note below). Police or marshalls will indicate change of direction at corners.

The course is not closed to traffic and runners must obey at all times the direction of SA Police who will be supervising traffic throughout the run. Over 30 Police will be on traffic duty. The SA Road Runners Club is very thankful for the cooperation of the SA Police, without whom the event could not be conducted. Please show your appreciation to individual officers along the route.

Note: At 41km, the course crosses King William Rd. Front runners to about 3.10.00 pace will cross over the road. All other runners will be directed under the City Bridge.

12. DISTANCE MARKERS

Distance markers will be placed every kilometre.

13. TIME CALLS

Time calls will be made every 5km and at the Half-way.

14. TOILETS EN-ROUTE

Petrol stations are open between 8km and 30km along the route; most have indicated that their toilet facilities are available for runners.

15. AID STATIONS (Coordinated by Salisbury Apex)

Aid Stations will be placed at the Start, every 3km to 36km, 38km and 40km. Cool water, Gatorade and sponges will be available sponsored by Nippy's Fruit Juices and Gatorade. Australian Citizen Radio Monitors (ACRM) will be located at each station and the finish to maintain communication along the route. St John First Aid will also be at each location.

Aid Stations are staffed by volunteers from Apex and other community groups. Please show your appreciation of this essential service.

16. PROVISION FOR DROPPING OUT

Cars from the Triumph Sporting Car Club will be cruising the course to pick up runners wishing to drop out. If possible, drop out at an Aid Station for maximum safety and immediate attention.

To avoid dropping out, drink early, drink often and slow your early pace particularly if you have averaged less than 100km/week in the 2 months prior to the marathon.

17. THE FINISH LINE SYSTEM (Athletic Association of SA)

Make sure your Chest Number is clearly visible from the front, otherwise you will not be permitted to cross the Finish Line.

Runners will pass through a chute to enable their time and number to be recorded. A photograph will be taken as you cross the line by SP Photographics, the official Marathon Photographer.

Watch the Display Clock above the Finish Line and listen to your time called. Provisional times will be displayed on the wall of the Uni Gym as soon as they are collated. This could be some time after you finish. Have patience.

Official times/positions will be validated as soon as possible after August 28.

18. FINISH SERVICES (SA Womens Keep Fit Association)

As you leave the chute, you will be presented with:-

- *Provisional Position card. Check to see if you have won a lucky draw prize!
- *Finisher Medallion
- *Food Bag containing Nordica Product and Nippy's Fruit Juice

Water and sponges will be available just beyond the chute area. Tea/coffee and an Arnott's "bush biscuit" will be served to runners in the big marquee at the finish.

19. FIRST AID AND LIE-DOWN FACILITIES

First Aid services staffed by medical, paramedical and St John volunteers will be available at the Finish Line and in the downstairs Main Hall of the Uni Gym.

Plenty of mats are there for you to lie on if you wish to rest.

Contributing organisations are St John, the Australian Podiatry Association and the Sports Physiotherapists Group.

20. SHOWER AND CHANGE FACILITIES (See Map)

These are available at the finish area:-

*Uni Gym

*"Graduates' Oval" located 150m before the Finish Line

*Teachers' Oval Grandstand 200m beyond the Finish Line

*The Institute for Fitness Research and Training at the corner of Bunday's Rd and Mackinnon Pde

*Park 9 change rooms on Bunday's Rd

21. AWARDS CEREMONY (See "Prizes and Awards")

2.00pm to 2.30pm. Stay and applaud the prize winners. The Lord Mayor and the Premier (and marathoner), Mr John Bannon will be present.

As many prizes as can be determined from the results on the day will be presented. Others will be presented at 9.30am, September 4 at the Sunday Training Clinic outside the Institute for Fitness, cnr Bunday's Rd and Mackinnon Pde, North Adelaide.

22. RESULTS

A full list of results together with a pictorial record will be published in the Sunday Mail on September 4.

As soon as results are validated, all finishers will be mailed their official Finisher Sticky Label to attach to their Finisher's Certificate (distributed in the Race Packet), a Finisher Iron-on Patch and complete results list. You will also receive a proof photo of you finishing.

Remember: you must check-in at the start to be validated as a finisher.

23. MEDIA REPORTS

Channel 10 will cover the Race and produce a 15 minute report at 11.15am, repeated at 11.15pm on Marathon Day, August 28.

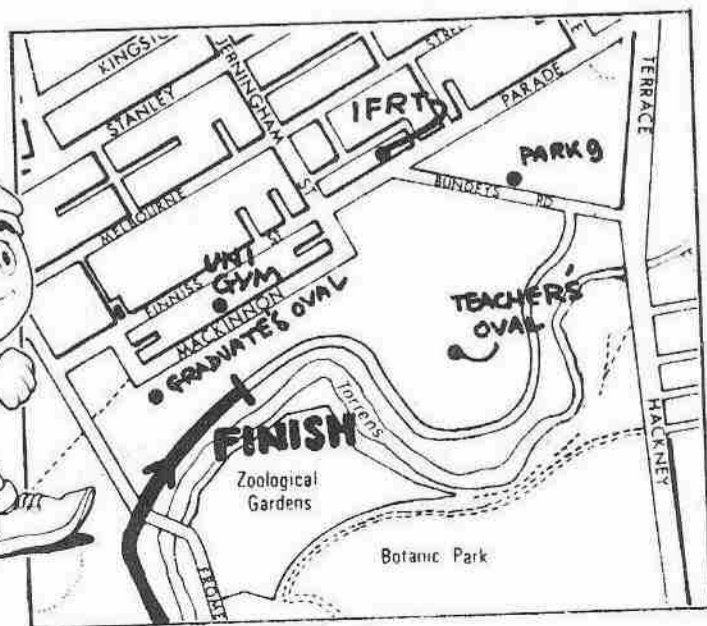

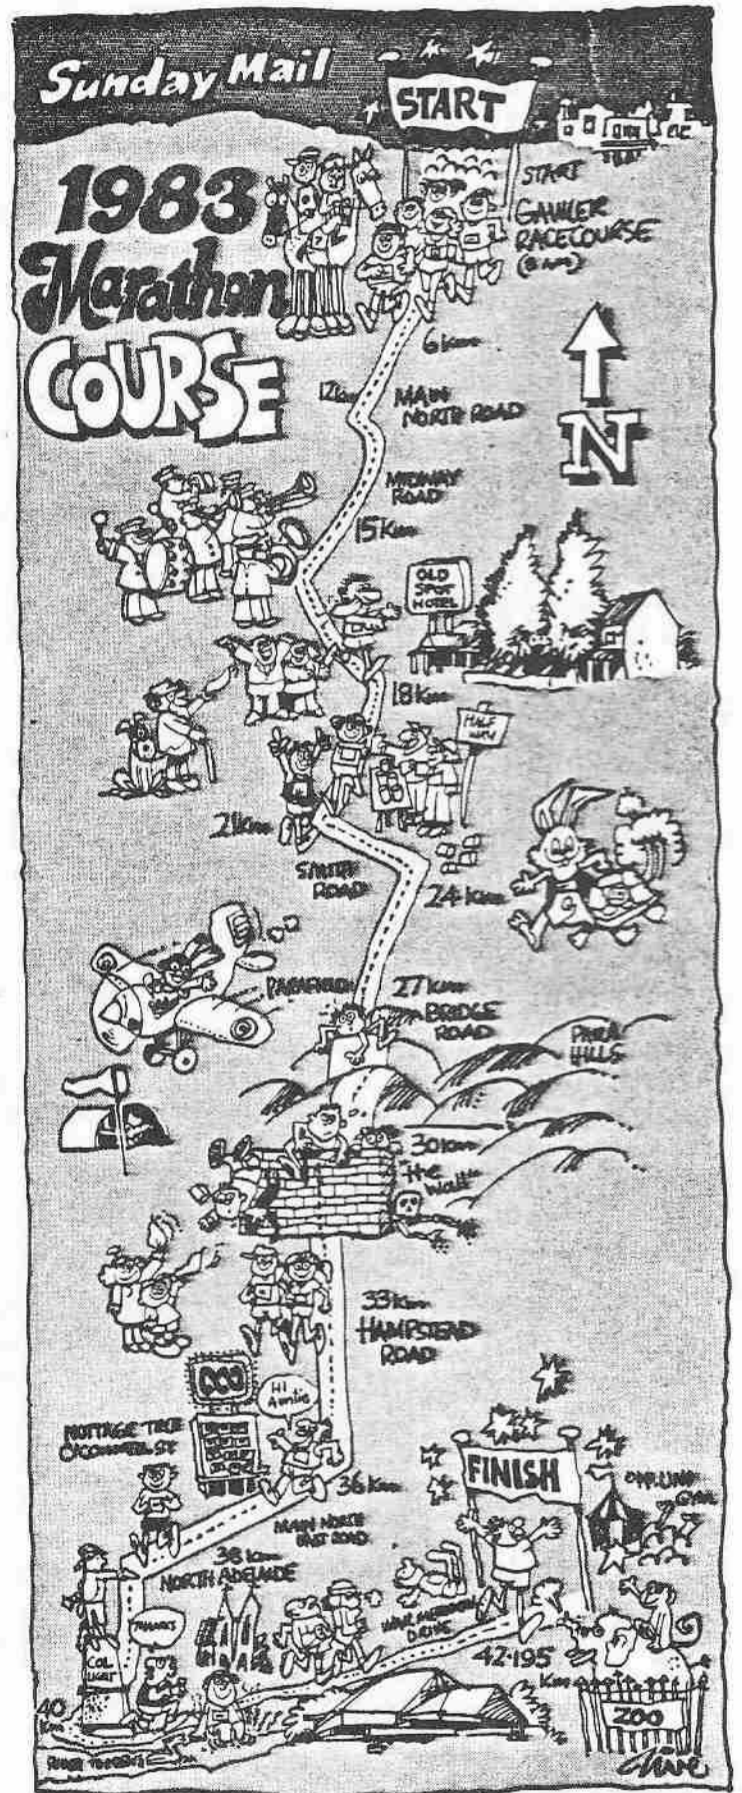

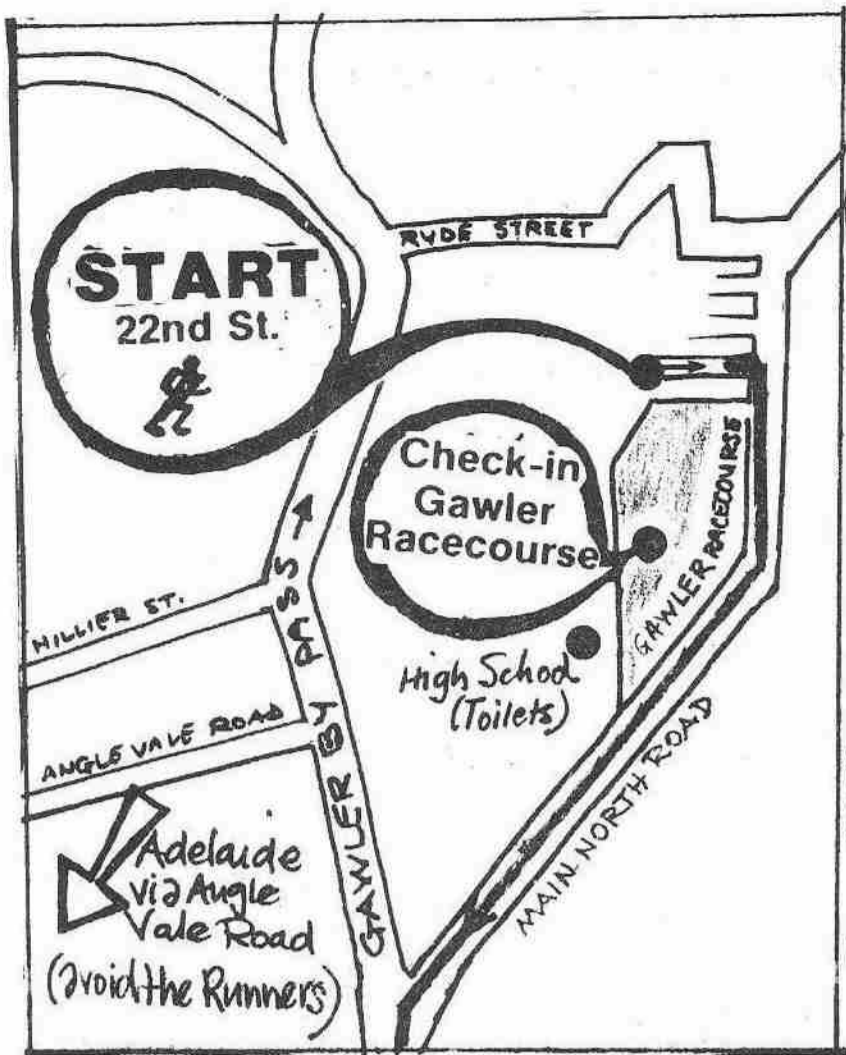

SDN will cover the event from 5.00am with time calls and progress reports throughout the day.

The Sunday Mail will print results and a pictorial record on Sunday, September 4.

The SA Film Corporation are producing a special documentary on marathon running featuring the 1983 Sunday Mail Festival City Marathon for national and international television distribution later in the year or early 1984.

24. MARATHON HOT LINE

Emergencies only please. Phone Bruce Abrahams (08)294 3248
or Russell Paterson (08)44 3628

MARATHON AWARDS AND PRIZES

Every Finisher	Medallion with free engraving of name/time from Evright*, Finisher Certificate, "I Finished" iron-on patch (*Details with Results)
