Note
There were approximately 50 drop-outs during the race.

Approximately 85 runners completed the Grand Slam (10 mile/25 km/ marathon) and a tee-shirt recognising this achievement will be forthcoming shortly for those who registered as "Grand Slammers" or who paid extra for the award.

Unregistered athletes are strongly encouraged to join a club in order to take advantage of pack runs, training advice, team and relay competition, interstate trips, etc. Those who do so can be assured that their performances will improve dramatically and that in 1982, they can look forward to recording large "personal best" times in both the State Marathon and the Festival City Marathon. Simply examine the clubs listed above to gain an indication of which ones are oriented towards marathon running. These people also normally run in shorter races at Olympic Sports Field each Wednesday night during the summer (starting late October) to improve their basic speed. The Distance Runners Club and Road Runners Club are also highly recommended organisations that can assist you in your development towards faster times. Good luck.
