Dear Runner,

Enclosed please find the long overdue copy of your SA Marathon split times.

I apologise for their lateness but the marriage of the runners numbers with the times recorded at each 5 km is an immense task, especially when other office business must go on.

But for the 5 km (which is understandably chaotic), most splits have been identified.

Congratulations to all of you who achieved the ideal of a consistent pace with minimal slowdown over the last half.

For those who "bombed", hopefully the splits will tell you when and where. Don't make the same mistake in the Festival City Marathon late August or the Big M (Melbourne) in October.

Notable dropouts not shown on the enclosed results were:-
